**PWI STORY:**

PWI is a young and dynamic company with the solid backing of the well established, reputed brand 'Princeware'. The company is managed by a team of hard-core seasoned professionals with international experience and recognition.

PWI brings you a range of exceptionally designed and reliable quality products for your travel needs. Our products offer you superior endurance with a breadth of choice for the frequent traveler.

Today's traveling generation demands lighter, stronger and more durable travel products. At PWI, the focus is on meeting the demands of discerning customers by offering high value products, manufactured under stringent quality control norms and using the finest raw materials.

PWI products are designed to offer wrinkle free packing with excellent functional experience. Experience our Comfort Drive to make your travel an exhilarating experience. Go ahead to own the finest travelware that we have on offer.

**Edge**  
Avant-Garde

The PWI Comfort Drive™ wheeling system is one of the most significant advancement in Upright Trolley towability ever... and it's another innovative feature that defines the PWI difference.

With Comfort Drive™, you'll exert less effort while you maneuver your upright through airports, airplane aisles, etc., as airports are getting bigger and passengers are expected to travel longer distances as they walk in or out of airplanes. This advanced technology responds to your hand steering thereby making your towing experience easier and more comfortable than ever before.

Comfort Drive removes friction from the towing process so you can now steer with a light grip, making long trips less tiring. It makes your upright handle more like a car with a 4 wheel drive option.

It is truly an ergonomically friendly and comfortable experience.

**Empower**
